3. Primary Care Provider (PCP) Assignment*

Selecting a Primary Care Provider (PCP) is required under all Community Health Options plans. You have the right to designate any PCP who participates in our network and who is available to accept you and/or your family members. PCPs are typically Family Practice, General Practice or Internal Medicine Doctors, Nurse Practitioners, or Certified Nurses/Midwives. For children, you may designate a pediatrician as your PCP. Our Provider Directory (http://www.healthoptions.org/search-provider) includes a list of Providers and information about providers who are part of our network.

Please complete information for assignment of Network Primary Care Providers for covered family members. If you do not assign a PCP, Community Health Options will assign one to you. You have the right to change your PCP at any time. PCP changes can be submitted through your Member portal or by contacting Member Services at 1-855-624-6463.
