Community HEALTH OPTIONS®

2019 Small Group Plan Designs

-choose the plan that's best for your employees-

Having plan choices for small group employers is important. Our plans are designed to cover employees for routine and preventive care and to support them when they have to make informed decisions about when and where to seek care.

We also have plans that remove financial barriers for Members with specific chronic conditions. These plan designs help employees remain healthy so they can work and be productive.

Our PPO plans offer varying embedded deductibles to meet a variety of individual needs.

The Community Advantage, Prime, Flex, Merit, Preferred, Assure, Accord, Select, and Option **all include our Chronic Illness Support Program (CISP).** Medications that qualify for the Chronic Illness Support Program will be marked as CISP on the 2019 prescription drug formulary that can be found at HealthOptions.org by typing "formulary" in the search feature.

HSA Preventive Drug List

The Community Balance HSA, Core HSA, Beacon HSA, Basic HSA, Option HSA, and Access HSA **also include medications to help prevent chronic conditions and illnesses.**

Prescription drugs on this preventive drug list bypass the deductible, then the applicable coinsurance or copay will apply. These medications are also listed on the 2019 prescription drug formulary found by typing "formulary" in the search panel on HealthOptions.org.
