When You Succeed, We Succeed.

We support your success by making it easier for you to present the best products and services available. Save this digital document to quickly access basic tools to share with your clients. They will surely appreciate the local option.

Group Benefits You Can Offer:

Besides offering great plans at competitive prices, your clients may also appreciate these added benefits.

Our products were designed by Mainers for Mainers, and include:

- ▶ a local Member Services Team readily available to support your clients and their employees.
- ▶ uncomplicated plans that are easy to understand.
- ▶ an extensive network of hospitals and providers.
- ▶ a dedication toward improving the overall health of our Members.
- ▶ added support for Members with chronic conditions (asthma, COPD, coronary artery disease, diabetes, and high blood pressure).
- ▶ a commitment to treating the whole person, including our new Health Options Online program.

We're a Maine company with Maine values and here with you for the long run.

We appreciate your business and thank you for considering us.

If you need anything to help you in your sales process, talk to us at (207) 402-3353.

Quick Start for Sales Success

We've made it easier than ever to get started with group sales. Before you meet with a client, be sure to grab the documents you need from our website or the live links below. Save this on your computer so it's handy or download it from our resources at HealthOptions.org/Brokers/Overview.

Community Health Options Wellness + Prevention

...achieving better health overall

Nothing prevents or delays and restores good health as a key focus at Community Health Options. Our wellness program includes:

- Reduce medication benefits that provide access to care-the member and provider perspective.
- Access to a comprehensive database of health information.

Health & Wellness	Health Outcomes	Access to Care
• Reducing medication benefits that provide access to care-the member and provider perspective.	• Reducing medication benefits that provide access to care-the member and provider perspective.	• Reducing medication benefits that provide access to care-the member and provider perspective.
