

2021 Spring Grant Application

Community Health Options awards grants and makes donations as part of our Community Benefit Program (CBP), administered by the Maine Community Foundation.

The CBP supports nonprofit programs and organizations working to promote wellness and community health. Preference will be given to nonprofits helping to treat and manage asthma, coronary artery disease (CAD), chronic obstructive pulmonary disease (COPD), depression, diabetes, hypertension, and substance use disorder and to helping Maine people living with these conditions to be their best selves – mentally, physically, and emotionally.

To apply, please type responses to our questions in the fillable spaces provided. **Your application must be completed in one online session. Once you begin, the form does not allow you to save and continue later.** We suggest printing and reviewing the questions before completing the application online. You can also type your answers in a word document and cut and paste them in the fillable application when you are ready.

You will be required to upload an electronic copy of your IRS determination indicating qualified 501c(3) or fiscal sponsor tax exempt status during this session. See Question 10.

Please be aware, grants may be awarded for your full project amount, or as partial funding. Our current grant application **deadline is March 8, 2021**. Grant recipients will be contacted in April 2021. Thank you for your submission!

Your Background

1. What is the name of your organization?
2. What is the mailing address of your organization?
City, State:
Zip Code:
3. What year was your organization founded?
4. Name of person submitting this application:
5. Job title of person submitting this application:
